Comments

This 2020 Ford Escape SEL delivers practicality and comfort for drivers who value reliability and smart features in a compact SUV.- Android Auto and Apple CarPlay connectivity- SYNC 3 Communications & Entertainment System- Clean Carfax one owner history- Third party inspection completed- Power liftgate for convenient cargo access- Heated front seats and steering wheel- Rear parking camera with display- 18" machined-face aluminum wheels- Automatic temperature control- SiriusXM satellite radio- Electronic stability control and traction control- Four-wheel independent suspension- Speed-sensing steering- Automatic high-beam headlightsThe 1.5L EcoBoost engine paired with an 8-speed automatic transmission strikes an effective balance between performance and efficiency. With 27 city MPG and 33 highway MPG, this front-wheel-drive configuration provides solid fuel economy for your daily commute and weekend trips. The non-smoker history and single-owner background add to the vehicle's appeal as a well-maintained example. Inside, you'll find heated ActiveX front sport contour bucket seats that offer both comfort and support for longer drives. The driver's seat includes memory settings, allowing you to customize your preferred driving position. Heated steering wheel functionality keeps your hands warm during colder months, while the power adjustable driver seat ensures you can find the perfect seating arrangement. The technology integration through SYNC 3 keeps you connected without distraction. Steering wheel-mounted audio controls let you manage entertainment and calls safely while driving. The SYNC 3 911 Assist feature provides emergency communication capability when you need it most. Remote keyless entry, automatic temperature control, and delay-off headlights round out the convenient features that make daily driving straightforward. Safety equipment includes dual front impact airbags, dual front side impact airbags, knee airbags, and overhead airbags positioned throughout the cabin. Electronic stability control, traction control, and four-wheel disc brakes with ABS give you confidence in various driving conditions. The rear parking camera helps you assess your surroundings when reversing, while brake assist technology supports your stopping power when needed. The suspension system—four-wheel independent design with front and rear anti-roll bars—handles curves and bumps with composed stability. Speed-sensing steering adjusts to your driving speed, while the telescoping and tilt steering wheel accommodates different driver preferences. Exterior parking camera rear visibility, combined with the vehicle's compact dimensions, makes maneuvering in tight spaces manageable. This Escape SEL represents a practical choice for anyone seeking a capable, fuel-efficient compact SUV with modern conveniences and a documented service history. We invite you to schedule a test drive and experience how this vehicle meets your transportation needs.
