Comments

This 2023 Ford Bronco Badlands in Gray with a distinctive matte black wrap delivers a commanding presence that turns heads wherever you go. Built for those who refuse to compromise between refined capability and adventure-ready performance, this Bronco combines striking styling with purposeful engineering to handle whatever terrain or task you encounter.- Matte Black wrap for custom visual impact- 2.7L EcoBoost V6 engine with 10-speed automatic transmission- 4WD with 4.7 final drive ratio for enhanced off-road capability- High-clearance suspension with position-sensitive Bilstein shock absorbers- High-clearance fender flares- LT315/70R17 mud-terrain tires on 17" black high-gloss aluminum wheels- Carbonized gray molded-in-color hard top with rear-window defroster and washer- 12" LCD capacitive touchscreen with swipe capability and SYNC 4- 360-degree camera system with front and rear parking sensors- Front row heated seats with dual-zone automatic temperature control- Ford Co-Pilot360 with pre-collision assist, automatic emergency braking, and blind spot information- Connected navigation with 90-day complimentary trial- Enhanced voice recognition with conversational commands- 2-door intelligent access with lock/unlock functionality- SiriusXM radio with 360L serviceThe Badlands package elevates your driving experience with advanced technology designed for both daily driving and serious off-road exploration. The Equipment Group 333A High Package provides comprehensive comfort and safety features, including front row heated seats, an auto-dimming interior rearview mirror, and dual-zone climate control. The 12-inch touchscreen integrates seamlessly with SYNC 4, offering connected navigation with live traffic updates and a complimentary 90-day trial once you download the FordPass app.Safety is paramount in this Bronco. The Ford Co-Pilot360 system stands watch with pre-collision assist, automatic emergency braking, pedestrian detection, and forward collision warning. Your visibility is enhanced through a 360-degree camera system, front and rear parking sensors, and the lane-keeping system that provides alerts and steering assistance when needed. Auto high-beam headlamps adapt to driving conditions automatically, while blind spot monitoring and cross-traffic alert keep you aware of your surroundings.The Sasquatch Package transforms capability with high-clearance suspension components and position-sensitive Bilstein shock absorbers that respond to road conditions in real time. Wrapped around 17-inch black high-gloss aluminum wheels are aggressive LT315/70R17 mud-terrain tires, while high-clearance fender flares protect your paint and provide additional clearance for serious terrain. The 4.7 final drive ratio optimizes power delivery and off-road performance without sacrificing highway manners.Built for utility and comfort, this Bronco provides intelligent storage with front row top panels storage bags integrated into the hard top. The carbonized gray molded-in-color hard top includes additional sound deadening and a rear-window defroster with washer for year-round versatility. Ambient footwell lighting adds a refined touch to nighttime driving, while illuminated sliding visor vanity mirrors with integrated LED spotlights enhance everyday practicality.At 38,265 miles, this Badlands represents an excellent opportunity to own a thoughtfully equipped Bronco that combines genuine off-road capability with the refinements you deserve. The matte black wrap and Sasquatch package set it apart, while the comprehensive technology suite keeps you connected and protected on every journey. Visit us today to experience firsthand how this 2023 Ford Bronco Badlands can redefine your relationship with the open road and terrain beyond.
