Real-world capability is matched by thoughtful engineering that simplifies daily ownership and weekend projects.Comfort features define the cabin experience. Heated front seats and a heated leather steering wheel ensure comfort during colder months, while the dual-zone automatic climate control keeps all occupants comfortable regardless of season. The premium cloth seat trim and front center armrest add convenience for longer drives.The truck bed is equipped for work. The spray-in bedliner protects against the elements and daily wear, while the Utili-Track System with four adjustable tie-down cleats secures cargo efficiently. The 120V power outlet in the bed runs tools and equipment directly from the truck. Bed under-rail lighting illuminates nighttime loading and unloading, and the remote engine starter means the truck can warm up before you head out.Safety technology is integrated throughout. The Technology Package includes Rear Sonar, Rear Automatic Braking, Blind Spot Warning, Lane Departure Warning, Rear Cross Traffic Alert, and Intelligent Cruise Control. High Beam Assist adapts your lights automatically to oncoming traffic, and front halogen fog lights provide improved visibility in adverse conditions.Convenience features enhance every trip. Apple CarPlay and Android Auto keep your phone seamlessly integrated with the infotainment system. Steering wheel-mounted audio controls let you stay focused on the road. The SiriusXM-ready audio system with six speakers and the sliding rear window add practical versatility.This well-equipped SV delivers the balance of work capability and daily comfort that truck owners value.
