Comments

This 2023 Ford Mustang Mach-E California Route 1 combines striking Black exterior styling with impressive electric performance and modern convenience features designed for today's driver.- Dual Electric Motor with AWD for responsive acceleration and confident handling- 105 city MPGe / 91 highway MPGe for efficient electric driving- SYNC 4A with Enhanced Voice Recognition and Apple CarPlay/Android Auto integration- Connected Navigation system for seamless trip planning- Heated front seats and heated steering wheel for comfort in any season- Automatic temperature control with front dual zone A/C- Four-wheel independent suspension and speed-sensing steering for refined ride quality- 18" High Gloss Black Aluminum wheels- Exterior parking camera with rear view for convenient maneuvering- Electronic Stability Control and Traction Control for safety- SiriusXM Radio with 360L and 6 speakers for entertainment options- Power driver seat with memory function and telescoping steering wheel- Dual front impact airbags, side impact airbags, and knee airbag protection- Remote keyless entry with security system and panic alarmThis vehicle arrives in excellent condition as a one-owner Carfax vehicle that has been regularly serviced with all services complete and up to date. The black paint presents beautifully, and the entire vehicle looks and runs great. A third-party inspection confirms the quality of this offering, and it serves as an ideal first vehicle for someone seeking reliable electric transportation.The California Route 1 trim delivers strong real-world efficiency without requiring you to compromise on features. Standard amenities include power windows, power door mirrors with heating, rain-sensing wipers, and auto high-beam headlights that adapt to driving conditions. Climate control features keep you comfortable with rear window defrost and the heated steering wheel during colder months.Inside, you'll find a well-appointed cabin with front bucket seats, a center armrest, and easy access to controls through the telescoping and tilting steering wheel. The split-folding rear seat provides flexibility for cargo needs, while the overhead console and trip computer keep important information readily available. SiriusXM radio with 360L offers diverse entertainment throughout your commute.Safety systems provide comprehensive protection with four-wheel disc brakes, ABS, electronic stability control, and an array of airbags strategically positioned throughout the cabin. The low tire pressure warning system keeps you informed about tire health, while the emergency communication system provides 911 Assist connectivity.This Mustang Mach-E represents a practical choice for buyers looking to embrace electric vehicle ownership with a vehicle that has already earned its reliability reputation through proper maintenance and one-owner care. We invite you to schedule a visit and see this impressive electric vehicle in person.
