Comments

The 2025 Chevrolet Blazer EV LT delivers modern electric performance with the reliability and dependability you expect from a trusted automotive brand. This white EV is ready to serve as your daily driver with practical features and genuine value.- Dual Level Charge Cord with 120-volt and 240-volt capability for flexible charging options- 17.7" Diagonal Advanced Color LCD Display with intuitive controls- SiriusXM with 360L Trial Subscription for entertainment on the road- 19" Machined-Face Aluminum Wheels for a refined appearance- Automatic Temperature Control for comfort in any season- 6-Speaker Audio System with steering wheel mounted controls- Navigation System for confident route planning- Four Wheel Independent Suspension for responsive handling- Electronic Stability Control and Traction Control for confident driving- Dual Front Impact Airbags and comprehensive airbag system- Auto High-Beam Headlights with delay-off functionality- Power Door Mirrors and fully automatic headlights- Split Folding Rear Seat for flexible cargo management- OnStar and Chevrolet Connected Services for additional security and support- 4-Wheel Disc Brakes with ABS for reliable stopping powerThis vehicle arrives as a one-owner car with a clean Carfax report, affirming its straightforward history and honest condition. The 128-point safety inspection confirms that this Blazer EV meets our exacting standards for quality and reliability. You're looking at a vehicle that has been carefully maintained and is ready for its next chapter.Electric driving means lower operating costs and reduced maintenance demands compared to traditional fuel vehicles. The dual-mode charge cord gives you flexibility—charge at home using standard 120-volt outlets or take advantage of faster 240-volt charging when available. This adaptability fits seamlessly into modern life, whether you're in the city or on longer drives where charging infrastructure continues to expand.The cabin reflects practical design with cloth seat trim, front bucket seats, and a split folding rear seat that prioritizes both comfort and utility. Climate control is automatic, so you maintain your preferred temperature without constant adjustment. The trip computer and outside temperature display keep you informed about your journey, while the navigation system ensures you arrive with confidence.Safety features are comprehensive and include dual front impact airbags, dual front side impact airbags, knee airbags, and overhead airbags strategically positioned throughout the cabin. Electronic stability control, traction control, and four-wheel independent suspension work together to keep you planted and secure on varying road conditions. The emergency communication system through OnStar provides an additional layer of support when you need it.This 2025 Chevrolet Blazer EV LT represents straightforward electric vehicle ownership with quality construction and genuine features designed for daily life. We invite you to visit our showroom to see this white EV in person and take it for a test drive. You'll quickly understand why this vehicle deserves serious consideration for your next purchase.
