Comments

This 2024 Nissan Pathfinder SV in Black delivers three-row capability with refined comfort and practical design for families seeking a dependable midsize SUV.- 3.5L V6 DOHC engine with 9-Speed Automatic transmission- Front-wheel drive with four-wheel independent suspension- NissanConnect featuring Apple CarPlay and Android Auto- Heated front bucket seats with power driver seat- Three-row seating including reclining third-row bench seat- Rear parking sensors for added confidence during low-speed maneuvering- Four-wheel disc brakes with ABS and electronic stability control- Automatic headlights with delay-off and high-beam assist- Dual front zone automatic temperature control with rear air conditioning- AM/FM audio system with SiriusXM satellite radio capability- Multiple airbags including dual front impact, front side impact, knee, and overhead- 18" painted alloy wheels- Leather steering wheel with integrated audio controls- Bench seat carpeted floor matsThe Pathfinder provides 20 city miles per gallon and 27 highway miles per gallon, making it efficient for daily commuting and weekend excursions. The three-row layout offers flexibility whether you're transporting passengers or cargo, with the split-folding rear seat and reclining third-row bench adapting to your needs. The power-adjustable driver seat and telescoping steering wheel accommodate drivers of various sizes, while the heated front seats provide comfort during colder months.Standard safety features include four-wheel independent suspension for improved ride quality, speed-sensing steering that adjusts responsiveness based on vehicle speed, and a comprehensive airbag system protecting occupants throughout the cabin. Electronic stability control and traction control work together to maintain composure in various driving conditions, while the emergency communication system adds an extra layer of security. Inside, the dual-zone automatic climate control maintains individual comfort preferences for driver and front passenger independently. The rear air conditioning ensures third-row passengers stay comfortable on longer drives. Speed control makes highway driving more convenient, and the overhead console provides organized storage for essential items.The NissanConnect infotainment system with Apple CarPlay and Android Auto integration keeps you connected to navigation, messaging, and entertainment options from your smartphone. The SiriusXM satellite radio subscription provides extensive audio programming options beyond traditional broadcast stations.With its combination of three-row seating, practical technology features, and solid engineering, this Pathfinder SV stands ready to support your family's adventures and everyday transportation needs. We invite you to schedule a test drive to experience this midsize SUV firsthand.
