The Sienna arrives meticulously maintained—it has passed our dealer inspection, received a recent oil change, and has been thoroughly detailed. You're looking at a vehicle ready to serve your family immediately.

With seating for eight passengers and thoughtful design throughout, this minivan prioritizes comfort for everyone aboard. The front dual zone air conditioning ensures the driver and front passenger can set their preferred temperatures independently, while rear air conditioning keeps passengers in back content. Power windows, power door mirrors, and a telescoping steering wheel make adjustments effortless.

Safety is built into every detail. Multiple airbags, electronic stability control, traction control, and lane departure warning work together to protect your family. The rear backup camera provides visibility when reversing, and braking assistance helps you stop with confidence.

Performance and efficiency matter equally. The 2.5L engine paired with CVT transmission delivers an impressive 36 MPG in both city and highway driving, keeping fuel costs reasonable. Front-wheel drive provides reliable traction in various weather conditions.

The Sienna handles the demands of modern family life with a feature set that keeps everyone connected and comfortable. Bluetooth integration through Android Auto and Apple CarPlay keeps your smartphone seamlessly connected. Cruise control reduces fatigue on longer drives, while the trip computer helps monitor fuel efficiency.

This 2024 Toyota Sienna LE represents dependable family transportation backed by Toyota's reputation for longevity and value. Schedule your test drive today and discover why this minivan is the practical choice for families who refuse to compromise on comfort or capability.
