Comments

Discover the 2024 Nissan Ariya EVOLVE+, a sophisticated electric vehicle finished in Gray that combines efficiency with practical daily performance. This model delivers an impressive 105 MPGe in city driving and 91 MPGe on the highway, making it an excellent choice for those seeking reduced fuel costs and environmental responsibility.- 6-speaker audio system with AM/FM radio and SiriusXM capability- Nissan Door to Door Connected Navigation system- Dual-zone front automatic climate control with heated front and rear seats- Power moonroof for enhanced cabin ambiance- Heated steering wheel for comfort during cold weather- Heads-Up Display for convenient information monitoring- 19-inch alloy wheels with speed-sensitive rain-sensing wipers- Memory seat function and power driver seat with adjustable positioning- Remote keyless entry with Homelink garage door transmitter- Electronic Stability Control and four-wheel independent suspension- Multiple airbags including front, side, and overhead protection- NissanConnect EV & Services emergency communication system- Front fog lights and auto high-beam headlights- Carpeted floor mats, illuminated kick plates, and Nissan USB charging cable set- Tilt and telescoping steering wheel with steering wheel-mounted audio controlsThe Ariya EVOLVE+ features a well-appointed cabin with leatherette seating surfaces throughout. The front seats offer both heating capability and power adjustment, while the rear seats include heating and a center armrest for added passenger comfort. The split-folding rear seat design provides flexibility for cargo management, and the power liftgate simplifies loading and unloading.Safety is a priority in this vehicle, which includes four-wheel disc brakes with ABS, multiple airbag placements, and traction control to help maintain stability in various driving conditions. The electronic stability control system works in conjunction with the four-wheel independent suspension to provide confident handling. Low tire pressure warning ensures your tires maintain proper inflation for optimal efficiency and safety.Climate control extends beyond basic comfort with front dual-zone automatic temperature management, allowing driver and passenger to set independent preferences. The rear window defroster and variable intermittent wipers with rain sensing technology address changing weather conditions automatically.The connected vehicle features include Nissan Door to Door navigation system and the emergency communication capabilities through NissanConnect EV & Services, keeping you informed and supported on every drive. The trip computer displays fuel economy and range information, helping you maximize efficiency and plan charging stops effectively.This 2024 Nissan Ariya EVOLVE+ presents a compelling option for buyers transitioning to electric vehicle ownership with confidence and capability. We invite you to visit our showroom to experience this refined electric sedan firsthand.
